

Sheerline Boats - Capriole 1080

£ 129,950

Description

Sheerline Capriole 1080 Gillie Ann' is a beautifully presented example of the Capriole 1080 Sports Cruiser, the flagship of the Capriole range built by Sheerline boats in Norfolk. Features include a three-cabin interior layout, ergonomically designed galley, spacious heads, separate shower cubicle with circular wraparound solid perspex shower screen, central Island berth in the fore cabin and a mid-cabin with an optional two singles or double berth. Ideally suited for river and estuary cruising, this delightful craft benefits from her striking blue hull wrap (2020); the bow thruster has been complimented with a Side Shift stern thruster 2022, both controllable with a remote wireless fob and dual control joysticks. An incredibly generous bathing platform and split-level cockpit with a centrally positioned command station offers ease of boarding and idyllic handling. Other updates in 2022 also include a new porcelain electric WC, five new batteries (engine, domestics and thrusters), Bluetooth/DAB radio and speakers for the cockpit, a new Eberspacher heater, new VHF radio and a new Victron Bluetooth charger for the stern thruster batteries. Her Yanmar 230hp four-cylinder diesel (472hrs) further benefits from being fitted to a V shaft drive system with a rudder and skeg instead of a stern outboard drive more commonly held on similar vessels. Current Boat Safety Certificate valid until November 2023, plus all original title documents from new, including original VAT purchase invoice. Annually serviced, stored ashore along with that all-important polish and shine. I am asking for £129,950 VAT Paid.
